THE VINEYARD - Kalecik / Ankara

Vinkara's Kalecik vineyard is located northeast of Ankara in the Mid-Northern Anatolia province. At an altitude of 2,000 feet the vineyard is surrounded by nearby mountains and the Kızılırmak River. The river creates an extraordinary mesoclimate for producing wines with naturally high acidity that are powerfully complex.

Due to these unique weather conditions, the most prominent grape cultivated in Kalecik carries the name of the region. Kalecik Karası is one of the three most important red grape varieties in Turkey.
